

## PRECISION ENGINEERING & MANUFACTURING

High-accuracy components for aerospace, defence & critical industries

### Heavy Duty Welding Table and Fixtures

Engineered tables for accurate welding operations

From prototypes to repeat-batch production, engineered with precision, repeatability and reliability.

## PRECISION MANUFACTURING CAPABILITIES

- Heavy Duty Welding Table and Fixtures
- CNC machining & fabrication
- Sheet metal laser cutting & bending
- Hydraulic & mechanical assemblies
- Mech + Elec + Electronics integration

## PRECISION ENGINEERING COMPONENTS

CNC Machined Structural Components

Aerospace Brackets & Mounts

Precision Flanges & Hydraulic Parts

Laser-cut Sheet Metal Assemblies

## Applications

Aerospace & Defence

Railways

Mining

Industrial Automation

**Looking for a reliable manufacturing partner?**

Government of India  
Ministry of Commerce and Industry  
Department for Promotion of Industry and Internal Trade
